800 m final	1	2	3	4	5	6	7	8

Seed: fastest this season, or last season too until Dec 31 (* older; est.: a first 111 m race, from the 100 m track). Goals 1:2 and 1:4: half or a quarter of skaters of the same age at a similar distance went that fast or faster at their next meet, from their seed. Avg lap, in brackets: (goal - opening lap) / (laps - 1); on the 111 m track the 500 and 1500 open with a half lap, so (goal - half lap) / (laps - 0.5). Goal 1:2 laps: that goal split into laps the way skaters near that time paced it, from chip timing. CYSTC: 400 + 800/2 + 1500/3.75, PBs for distances not skated.

5 laps final	1	2	3	4	5

Seed: fastest this season, or last season too until Dec 31 (* older; est.: a first 111 m race, from the 100 m track). Goals 1:2 and 1:4: half or a quarter of skaters of the same age at a similar distance went that fast or faster at their next meet, from their seed. Avg lap, in brackets: (goal - opening lap) / (laps - 1); on the 111 m track the 500 and 1500 open with a half lap, so (goal - half lap) / (laps - 0.5). Goal 1:2 laps: that goal split into laps the way skaters near that time paced it, from chip timing. CYSTC: 400 + 800/2 + 1500/3.75, PBs for distances not skated.
